

Accelerated Lean Skills Programme

Oxford 23rd-25th February 2009

"Excellent content, material and delivery and very interactive. The three days flew by and the assurance of follow up support is very comforting."

Adam Sewell-Jones, Director of Finance & CI, Basildon & Thurrock University Hospitals NHS Foundation Trust

"Does exactly what it says it will deliver. The programme gives you the knowledge and the opportunity to apply the principles."

Simone Akuffo-Akoto, Service Improvement Lead, Tower Hamlets PCT

CPD Recognition

The Accelerated Lean Skills Programme is approved by the Institute of Healthcare Management for CPD recognition

Amnis

 Institute of
Healthcare
Management

 Continuous
Professional
Development

An intensive and highly practical masterclass designed to provide you with the skills to plan and implement your first Lean Events.

Course Contents

- Understanding of Lean
- Value Stream Mapping (Pathway Redesign)
- Running Lean Events (including Rapid Improvement Events)
- The Basic Lean Toolkit
- Making Lean Work

The programme uses a broad mix of exercises, presentations, simulations, demonstrations and interactive discussions and is based on our highly acclaimed 'Improvement Practitioners Programme' and is open to employees of public and private healthcare organisations.

To attend the programme or to find out about running an on-site and customised programme contact Ruth Bodman on 0870-446-1002 or email ruthbodman@amnis-uk.com.
